Bob:

I asked folks who manage this IA in our grants office to extend the budget/project period two months ago. Let me know check and see what happened.

Hi Palmer,

My administrative officer needs to resolve the status of my EPA Bristol Bay account. It expired recently so in the absence of an extension from you, I either need to spend the money or return it to you ASAP. What do you advise?

Palmer,

That's fine with me. Do you have to initiate some sort of paperwork or do I?

I would like to do a no cost extension of this IA so we can keep you involved as we respond to the next round of comments. Is that ok with you?

Hi Palmer,

Way back when, you funded an IAG to cover my travel expenses for the Bristol Bay assessment activities. My administrative officer tells me that the agreement expires in August and a I have a little over \$5K left.

Do you know what the future holds (haha)? In other words, should we extend the agreement because of the potential for future meetings, should I send the balance back to you, or should I just zero it out by charging some of my salary to it?

I hope you had a good 4th.

Thanks,

Bob
